

**MSC AIR CARGO - FUEL SURCHARGE  
MAY 29<sup>TH</sup> 2026**

Dear Customer,

The MSC Jet Fuel Index closed at 197 yesterday, May 13<sup>th</sup>, consequently the fuel surcharge communicated today May 14<sup>th</sup>, 2026, is set as per flight date and equivalent currency on the basis of point of country sale:

- **\$1.60 or €1.60** per chargeable kilogram, applicable **from 15<sup>th</sup> May 2026** and until **28<sup>th</sup> May 2026**.
- **\$1.90 or €1.90** per chargeable kilogram, applicable **from 29<sup>th</sup> May 2026** and until further notice.

The MSC Jet fuel Index is based on public information from the U.S Energy Information Administration (E.I.A).

The fuel surcharge is set by ranges of \$0.10/€0.10 every 5 base points up or down on the index applicable during the period. If the index goes below 100, the fuel surcharge will be nil.

Any adjustment to the fuel surcharge (increase or decrease) will be communicated 15 days prior to implementation.
