

**MSC AIR CARGO - FUEL SURCHARGE  
MAY 15<sup>TH</sup> 2026**

Dear Customer,

The MSC Jet Fuel Index closed at 182 yesterday, April 29<sup>th</sup>, consequently the fuel surcharge communicated today April 30<sup>th</sup>, 2026, is set as per flight date and equivalent currency on the basis of point of country sale:

- **\$1.90 or €1.90** per chargeable kilogram, applicable **from 1<sup>st</sup> May 2026 and until 14<sup>th</sup> May 2026**.
- **\$1.60 or €1.60** per chargeable kilogram, applicable **from 15<sup>th</sup> May 2026** and until further notice.

The MSC Jet fuel Index is based on public information from the U.S Energy Information Administration (E.I.A).

The fuel surcharge is set by ranges of \$0.10/€0.10 every 5 base points up or down on the index applicable during the period. If the index goes below 100, the fuel surcharge will be nil.

Any adjustment to the fuel surcharge (increase or decrease) will be communicated 15 days prior to implementation.

Below is the fuel surcharge table depending on the evolution of the MSC Air Cargo Jet fuel index in USD and in EUR.

MSC INDEX RANGE	FSC rate per KG \$ or €
1-104	0
105-109	0.1
