DRIVE YOUR AUTOMOTIVE LOGISTICS FORWARD WITH CONFIDENCE

In the fast-paced world of automotive trade, navigating the complexities of global shipping is no small task. Whether you're moving finished vehicles, spare parts, or raw materials, you need a logistics partner who delivers speed, efficiency, and reliability - every time.

That's where MSC comes in. With decades of experience and a customer-first mindset, we offer a comprehensive suite of automotive shipping solutions tailored to your needs. Our global network, weekly sailings, and fast transit times help streamline your supply chain and keep your business moving forward.

CONNECTING EVERY CORNER OF THE WORLD

THE WIDEST GLOBAL SHIPPING NETWORK & THE MOST FREQUENT SAILINGS

With MSC, you have access to:

- **900 vessels** carrying 27 million TEUs each year
- **300 global** routes and 520 ports of call
- Support across **155 countries** with **675 offices**
- +100 terminal worldwide, present at 9 of the world's 30 busiest ports by volume
- A worldwide network of automotive shipping experts.

Ship your cars and spare parts anywhere in the world with our fast and reliable solutions, designed to keep your business moving.

Unlike other services, which are limited to deep-water ports and infrequent schedules, our vessels sail weekly to a wide network of ports – including smaller, more local destinations.

This offers you:

- A **greater choice** of delivery points
- **Quicker** transit times
- **Less inland transport and fewer** transshipments
- Weekly Service
- Low CO2 Emission
- Each car is securely fastened inside our containers using advanced lashings, ensuring stability and shielding from vibration.

ENSURING YOUR **NEW** CARS ARRIVE IN FLAWLESS CONDITION

Whether you are shipping a single luxury car or managing large-scale automotive logistics, or you need an urgent transporting new vehicles requires **precision**, **efficiency** and the highest standards of **security**. Shipping with MSC is simple, safe and cost-effective. Decades of experience in automotive logistics allow us to align our containerized solutions with your production schedules, ensuring efficiency and reliability. Vehicles are securely lashed within containers, eliminating exposure to external elements and reducing the risk of damage.

GREATER FLEXIBILITY FOR YOUR USED CAR SUPPLY CHAIN

Containerized shipping is a flexible, safe and convenient choice for used cars. It protects vehicles from external damage during transit and enables you to reach more ports and inland destinations, with reliable weekly departures. MSC provides cost-effective, scalable shipping solutions for used car exporters and importers, connecting you with customers all over the world. Our teams of experts also offer end-to-end support with everything from regulatory compliance to customs clearance.

CONTAINER DELIVERY

MSC delivers the containers to customers.

VEHICLE PREPARATION & LOADING

Customers handle vehicle preparation and loading, before returning the filled containers to MSC for shipping.

SHIPPING

MSC ensures efficient transportation to ports and inland locations worldwide.

UNLOADING

Customers unload the vehicles at their chosen destination, ports and inland locations worldwide.

SIMPLE SOLUTIONS FOR SPARE PARTS

From engine blocks and pistons to suspensions, mirrors, tyres and batteries, we move the parts that keep your automotive business on track. At MSC, we understand that moving car parts is about more than just transport, it is about speed, reliability, and control. That's why we offer a full portfolio of logistics solutions that go beyond port-to-port shipping. Whether you are moving components from the warehouse to the production line or distributing parts across markets, we deliver with speed and care. Our inland transport services, warehousing capabilities, and cargo protection options are designed to give you peace of mind at every stage of the journey. Plus, with advanced digital tools like real-time tracking and shipment visibility, you stay in control from pickup to delivery.

With our global network, automotive expertise, and hands-on support from logistics professionals, MSC helps you create a tailor-made, end-to-end shipping experience that fits your specific needs and keeps your supply chain running like clockwork.

JUST-IN-TIME DELIVERY

GLOBAL COVERAGE

EXPERT HANDLING

MULTIMODAL SOLUTIONS

SEAMLESS DOOR-TO-DOOR DELIVERIES

We know you need more than port-to-port transportation. That's why we provide integrated inland transportation solutions that seamlessly connect ports to inland destinations. Combined with MSC's worldwide shipping services, our fast-growing road, rail and barge network offers you a more **flexible, efficient** and **sustainable** way of moving cargo inland all over the world. These solutions are designed to optimize routing, ensuring timely and cost-effective deliveries.

ENABLING SUSTAINABLE SUPPLY CHAINS

MSC has a unique approach to sustainability, which is firmly embedded across our business and reflected in all that we do. We recognize the role we play in connecting the world, and our strong core values and long-term view drive our commitment to playing our part in creating a sustainable future. Compared to other forms of transport, moving cars in containers with MSC can help to cut road congestion, air pollution and overall environmental impact; by carrying more vehicles in a single journey, using more direct routes and accessing smaller, more local ports.
