

NORTH AMERICA  
**INLAND SOLUTIONS**

# DEDICATED SUPPORT IN NORTH AMERICA

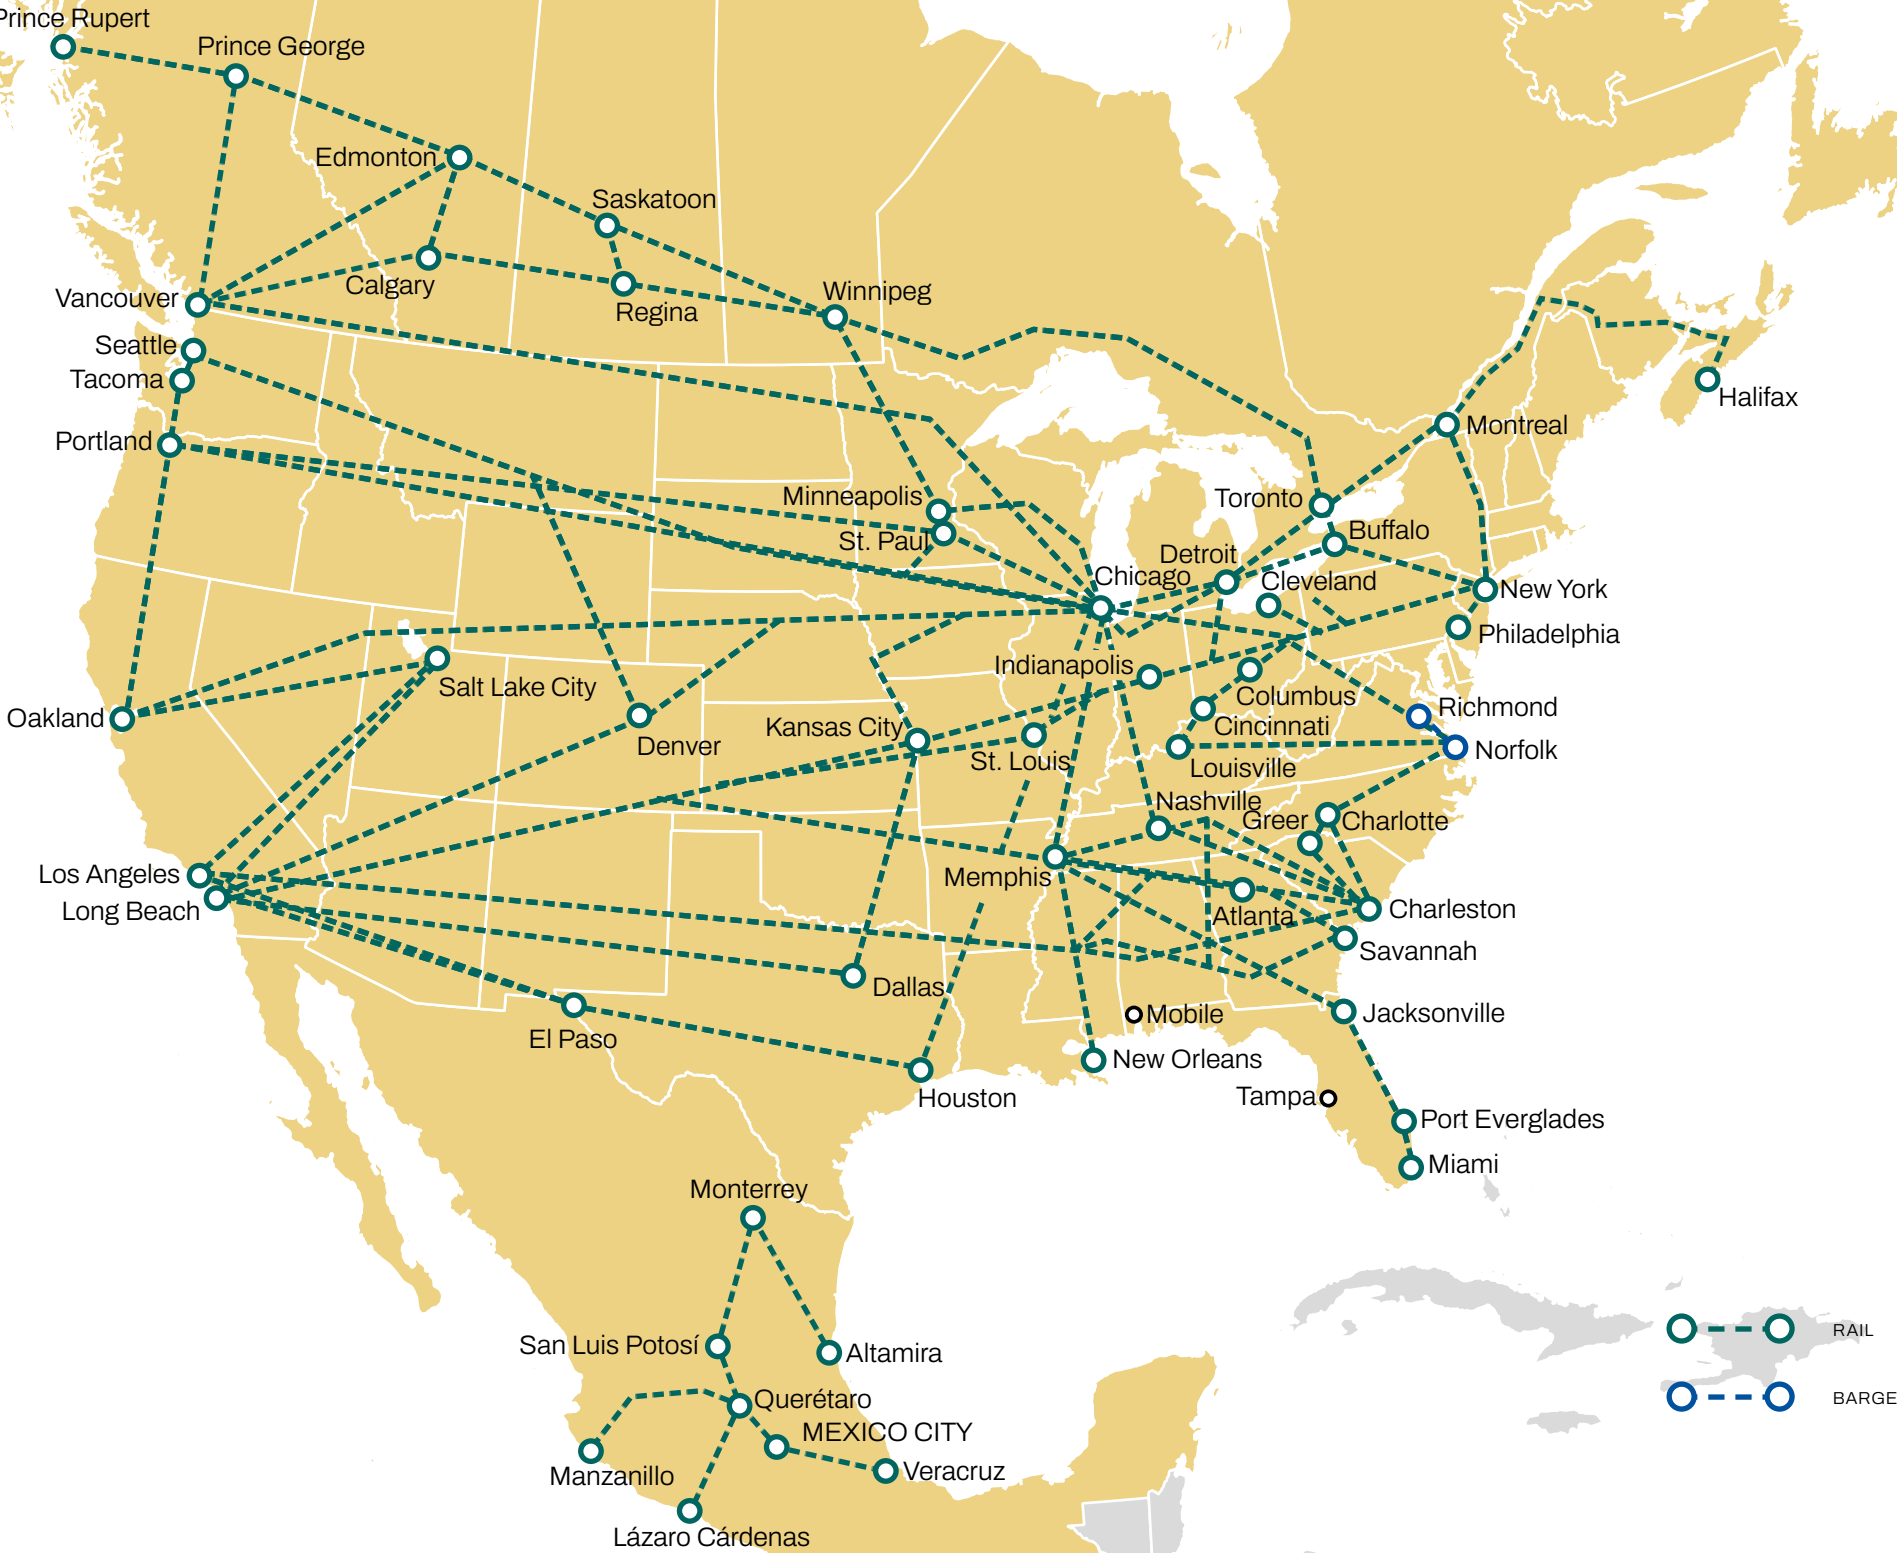

MSC Mediterranean Shipping Company (MSC) has been serving the North American market for more than 39 years. Today, we call at 35 port terminals, 91 rail ramps and 99 inland depots across the USA, Canada and Mexico – delivering comprehensive transport coverage for our customers from coast to coast.

Our Inland Solutions operations are divided into nine regions managed by 26 local offices. Partnering with all six Class I railroads and more than 50 contracted drayage companies, we provide seamless, cost-efficient and superior solutions throughout North America.

MSC customers can rely on our exceptional experience and expertise, wherever and whenever they need our support. We are proud to be a world leader in our field, delivering cargo across more than 5,000 North American inland locations.

**YOUR BENEFITS:**

- A stable inland network that spans 3,100 mi/5,000 km coast to coast and includes many cross-border options, providing you with a genuine door-to-door solution
- Value-added solutions such as container pre-pull and storage solutions, so your container arrives at your door at a time convenient to you
- Most inland areas can be served via East, West and Gulf Coast ports, so you avoid dependence on a single gateway and choose the route that works best for your cargo.

**UNITED STATES  
OF AMERICA**

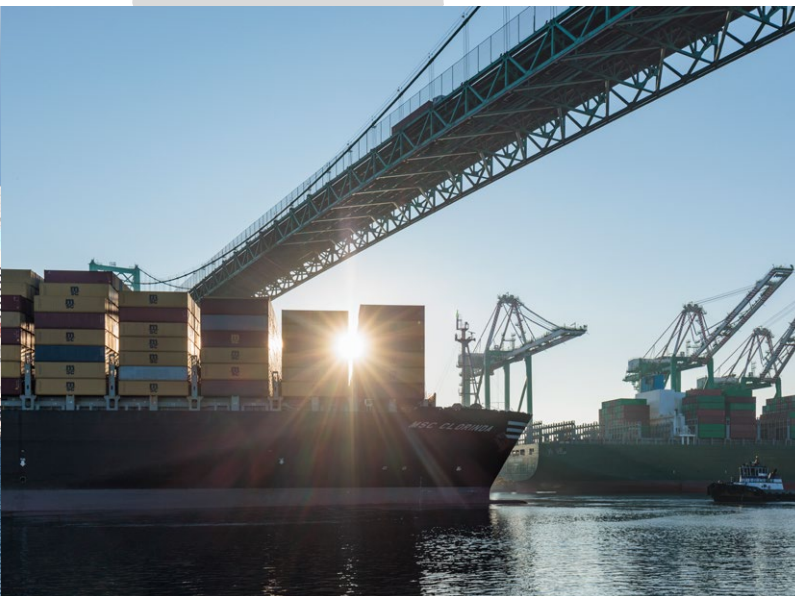

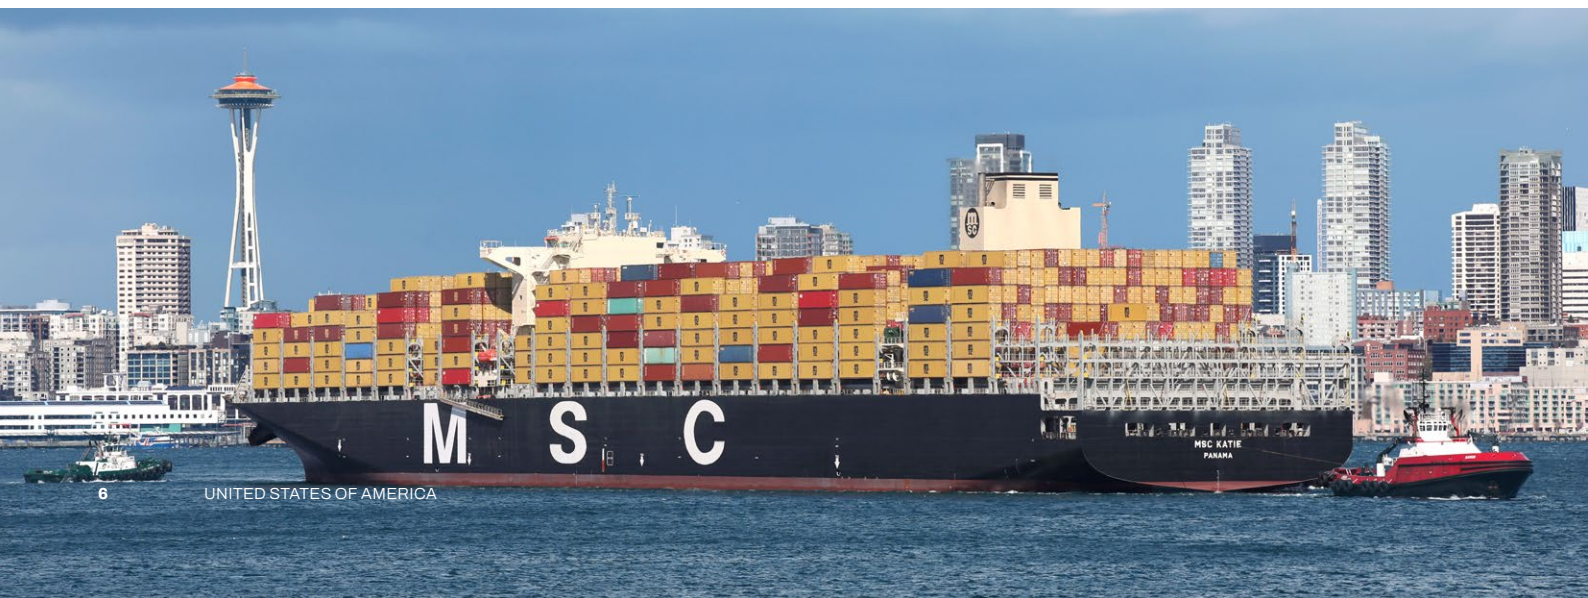

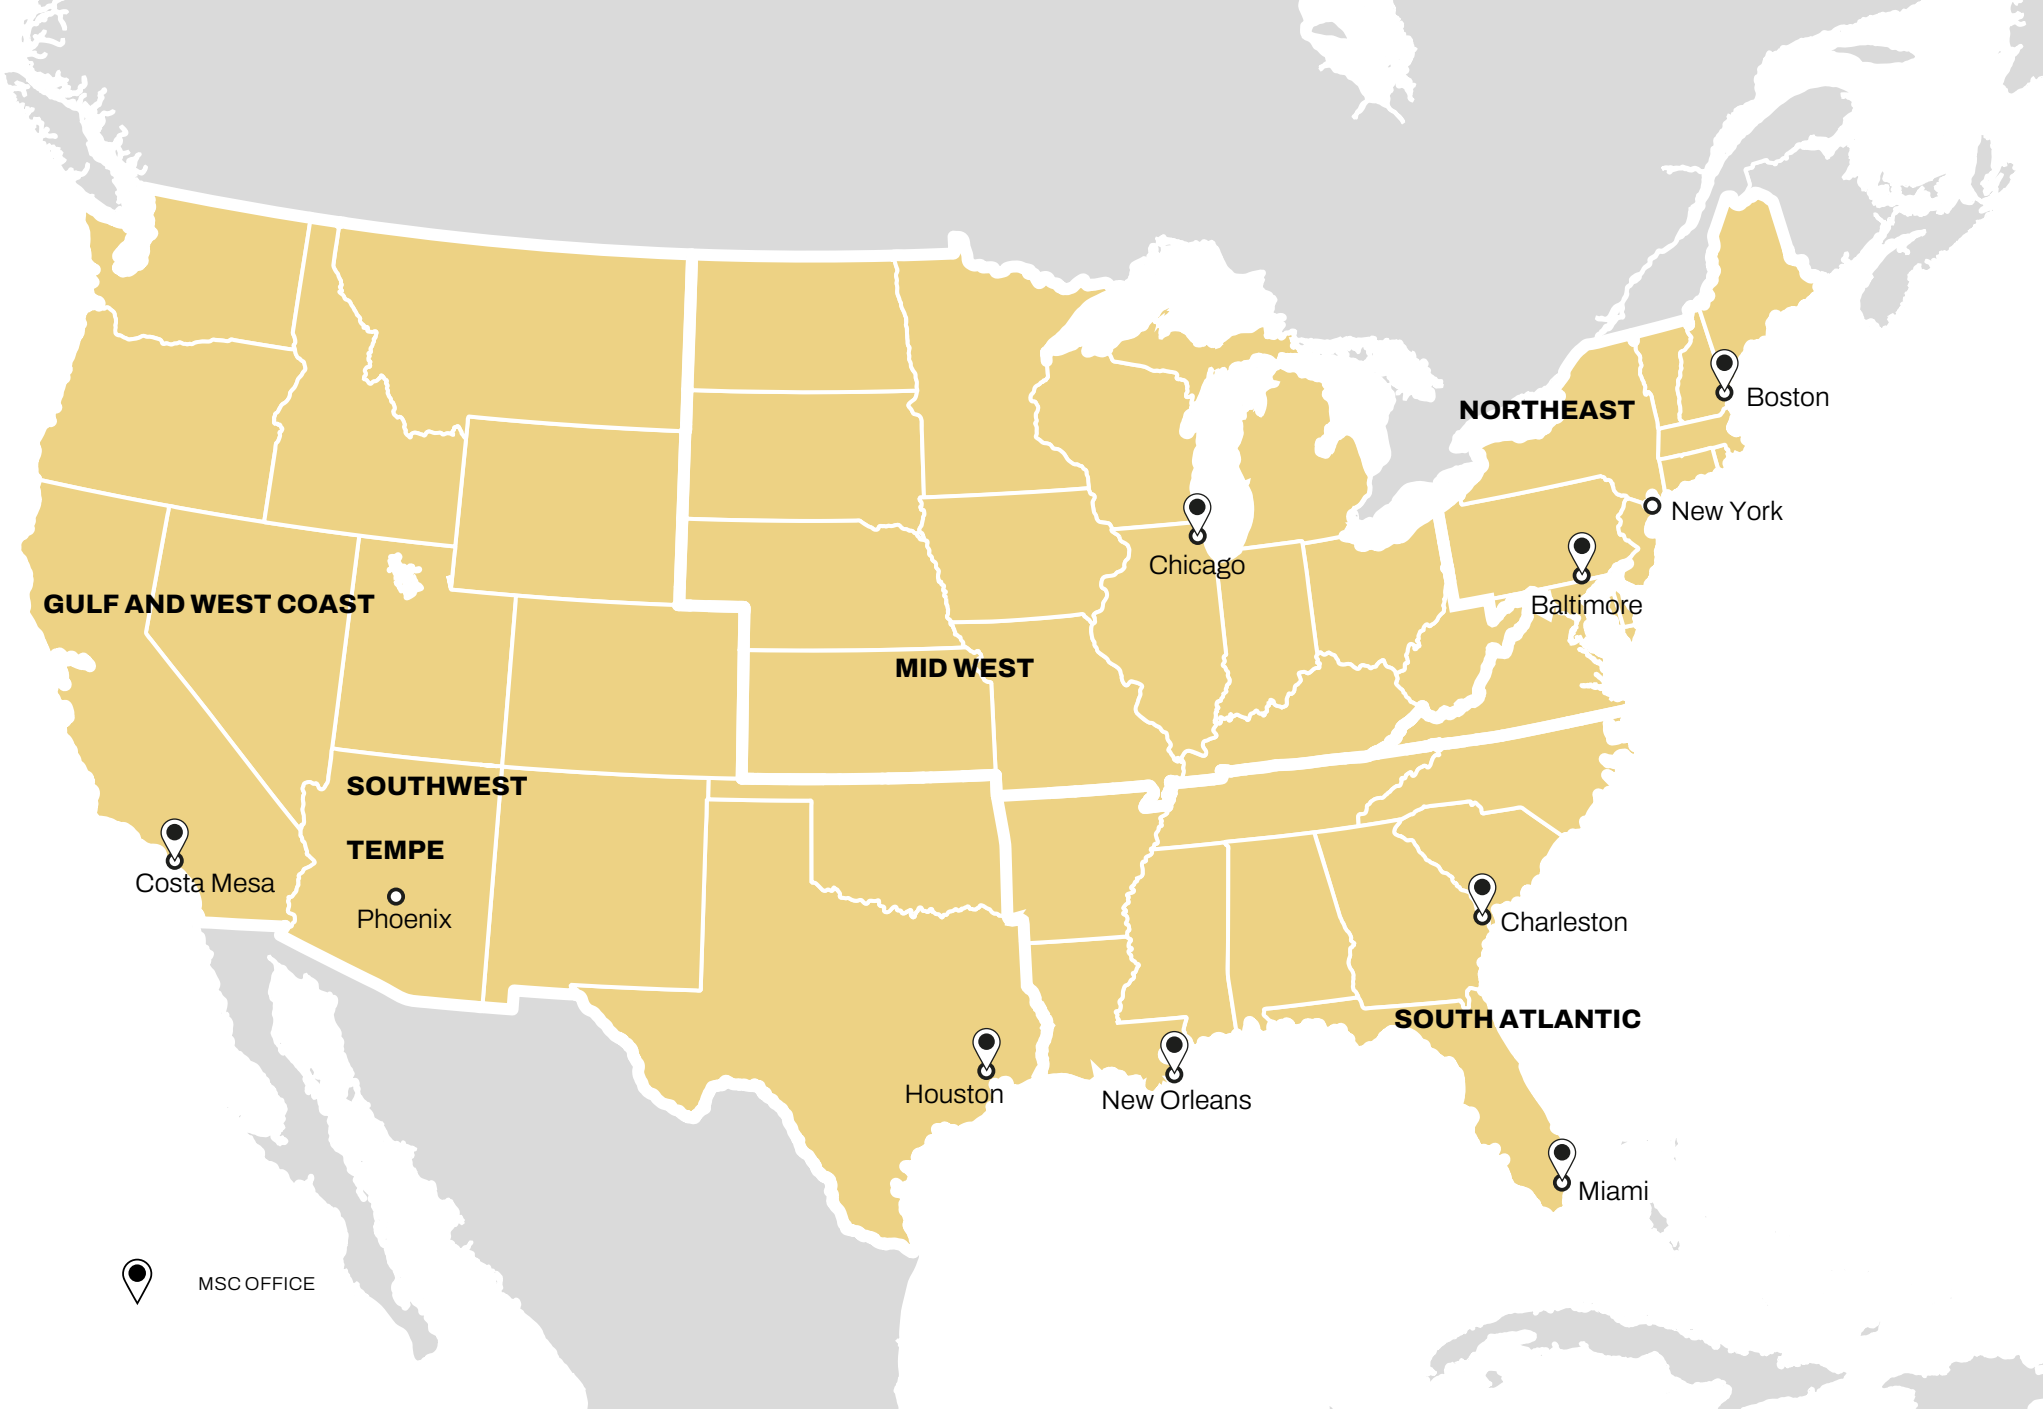

## SOLUTIONS IN THE USA

MSC provides superior Inland Solutions throughout the USA. Be it pier-to-ramp, port-to-door or anywhere in between, our highly-experienced logistics staff located in six Inland Solutions centres throughout the United States manages your freight every step of the way. Each Inland Solutions centre is responsible for specific geographical regions and is well-versed in local operations and regulations.

Our specialised solutions include oversized freight, reefer and hazardous cargoes, along with standard ISO containers. Inland is an alternative, efficient and environmental-friendly mode of transport that can help reduce carbon footprint by up to 50%.

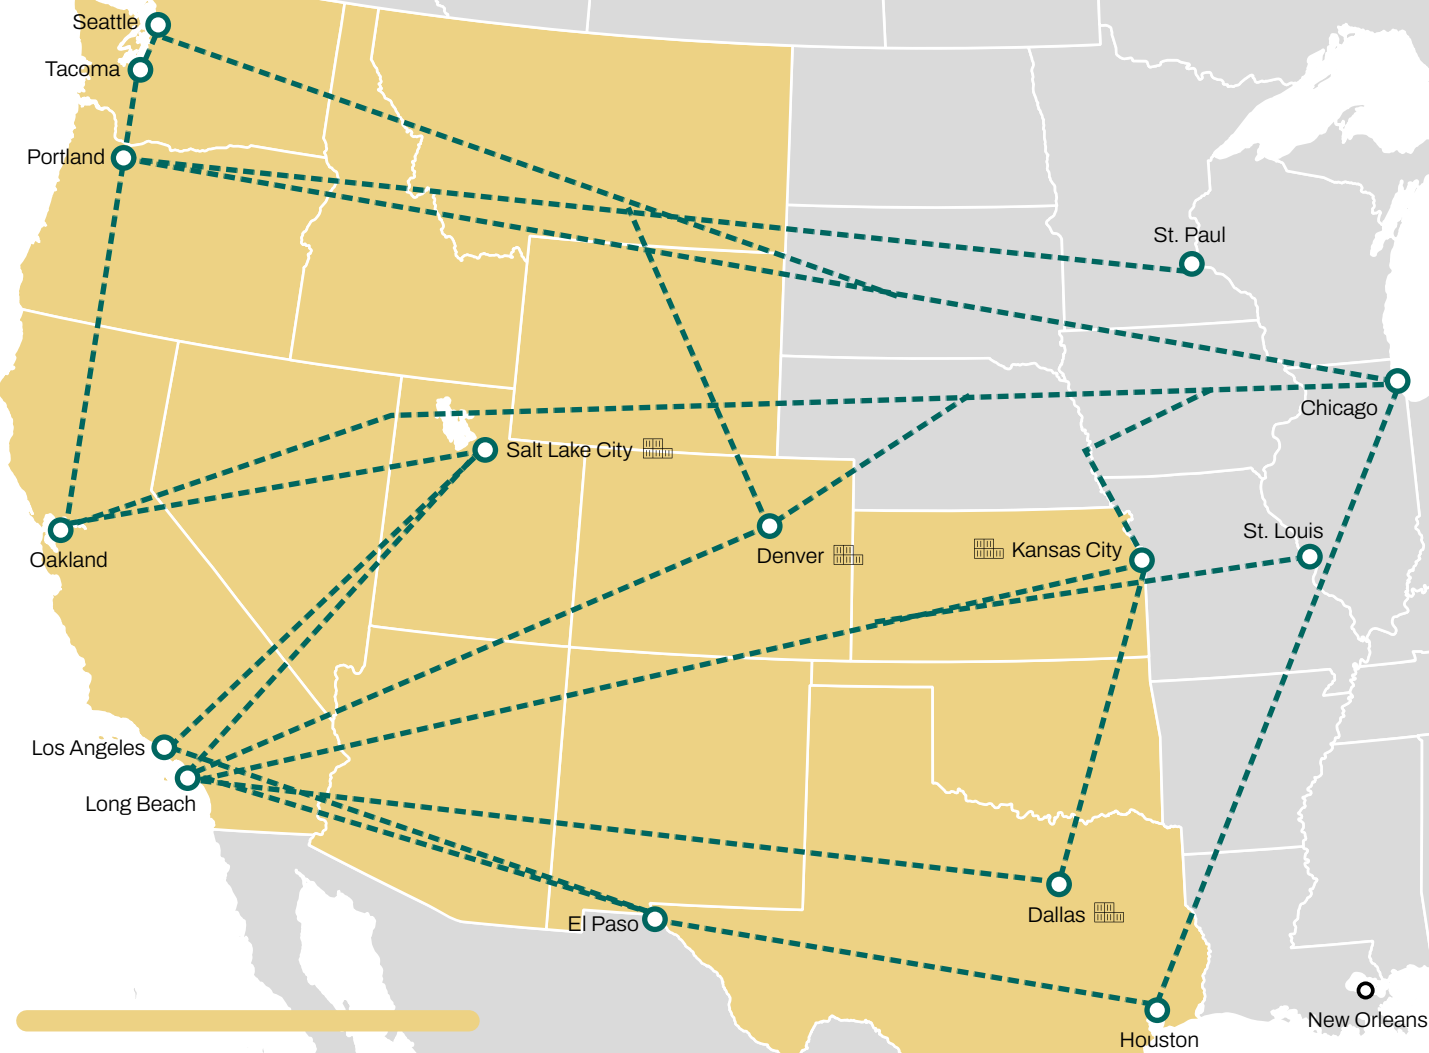

### KEY BENEFITS:

- Inland Solutions from more than 30 ports in the USA
- Cross-border solutions to Mexico and Canada
- On-dock rail at New York-Norfolk-Savannah-Miami-New Orleans-Southern California and Seattle, allowing for greater cargo weights and seamless operations
- Contracts with all 6 Class I railroads
- Professional, fully insured and Department of Transportation (DOT)-compliant contracted drayage companies in all major cities
- Container depots located close to all rail ramps
- Largest Steam Shipping Line (SSL) rail user in the USA
- Dedicated automotive team to assist with your trans-border or intra-USA cargoes
- Chassis provision nationwide (only Steam Shipping Line (SSL) to provide nationwide coverage).

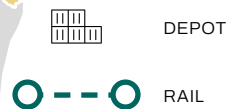

## GULF AND WEST COAST

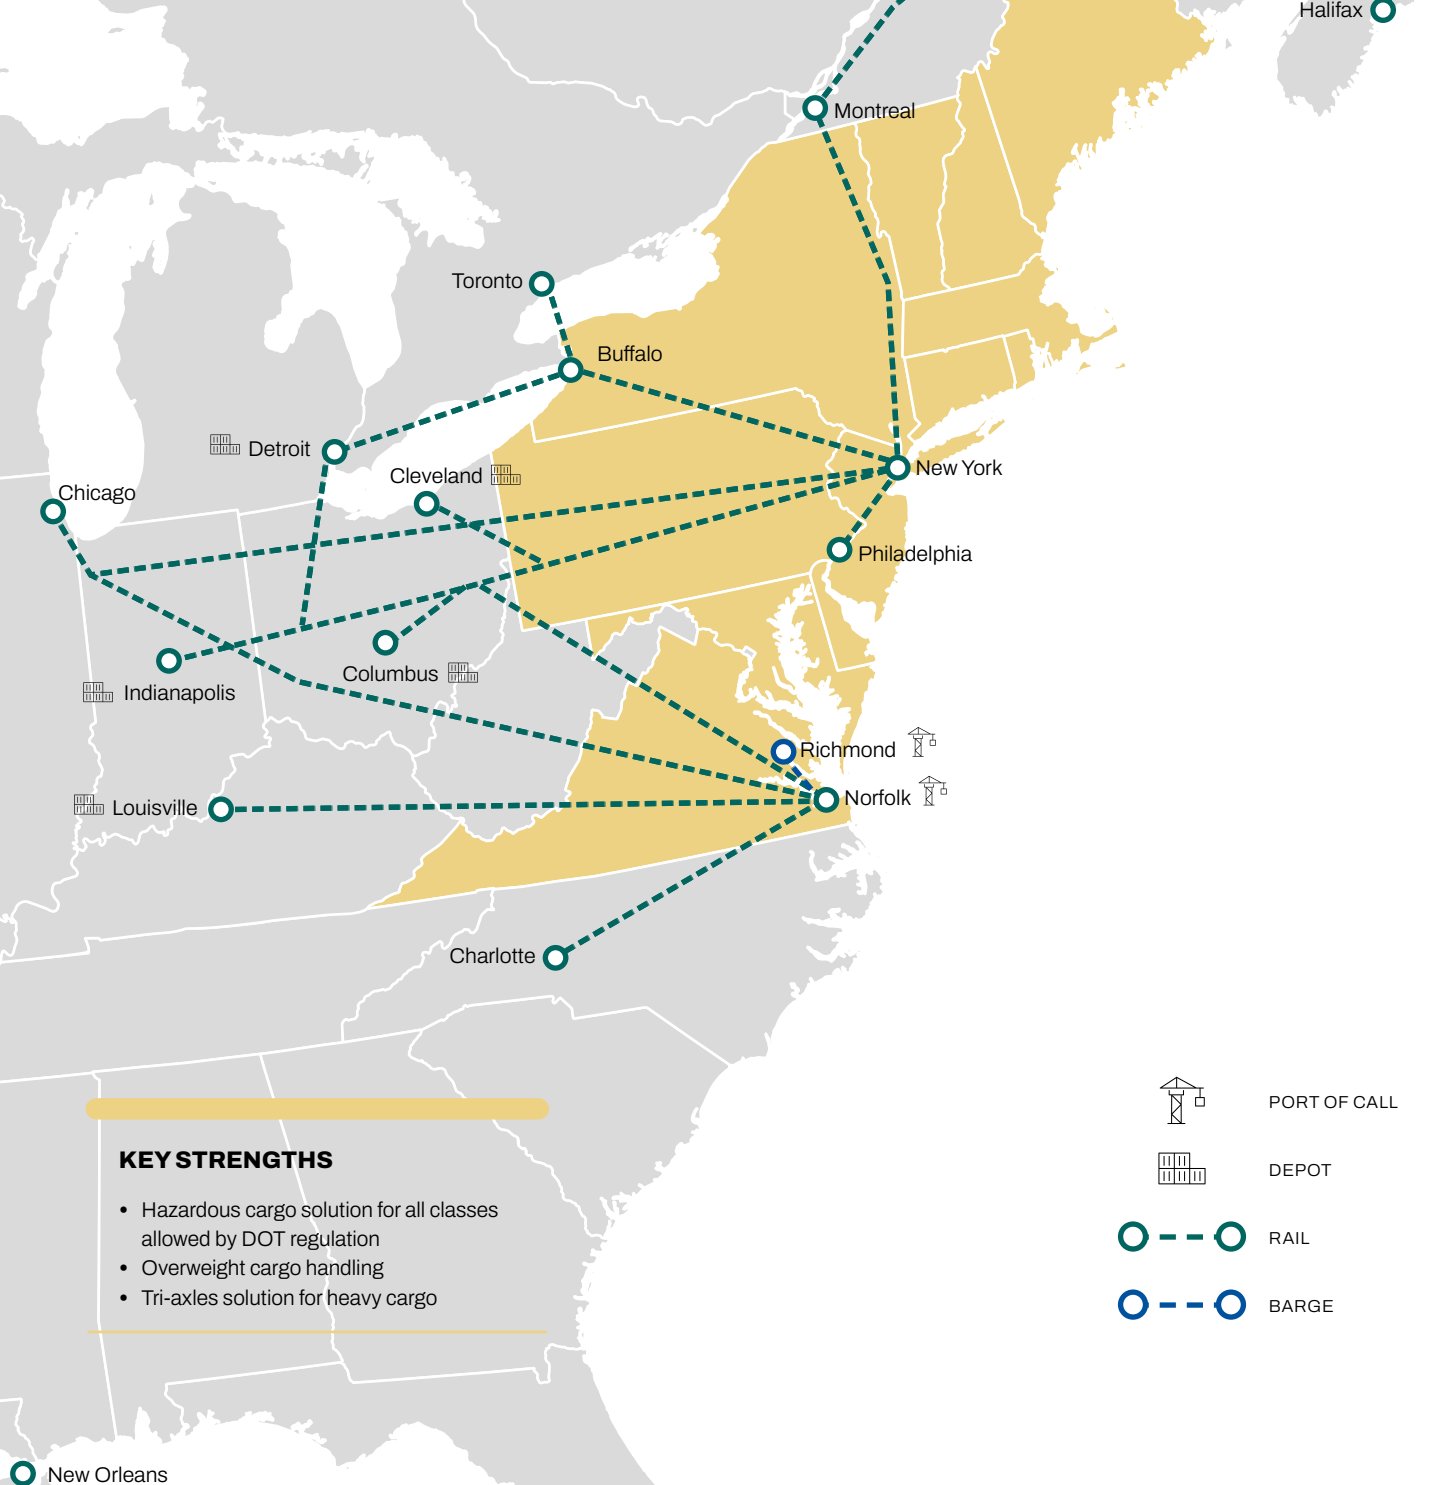

### KEY STRENGTHS

- Reword able to haul to/from any location in the USA
- Appointment system with warehouse handled directly by our dedicated motor carriers to assure on-time delivery when and where cargo is needed
- Pre-pull solution offered

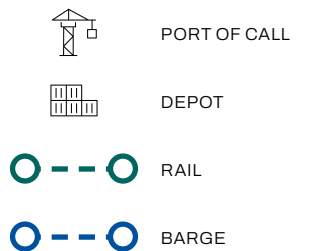

## NORTHEAST

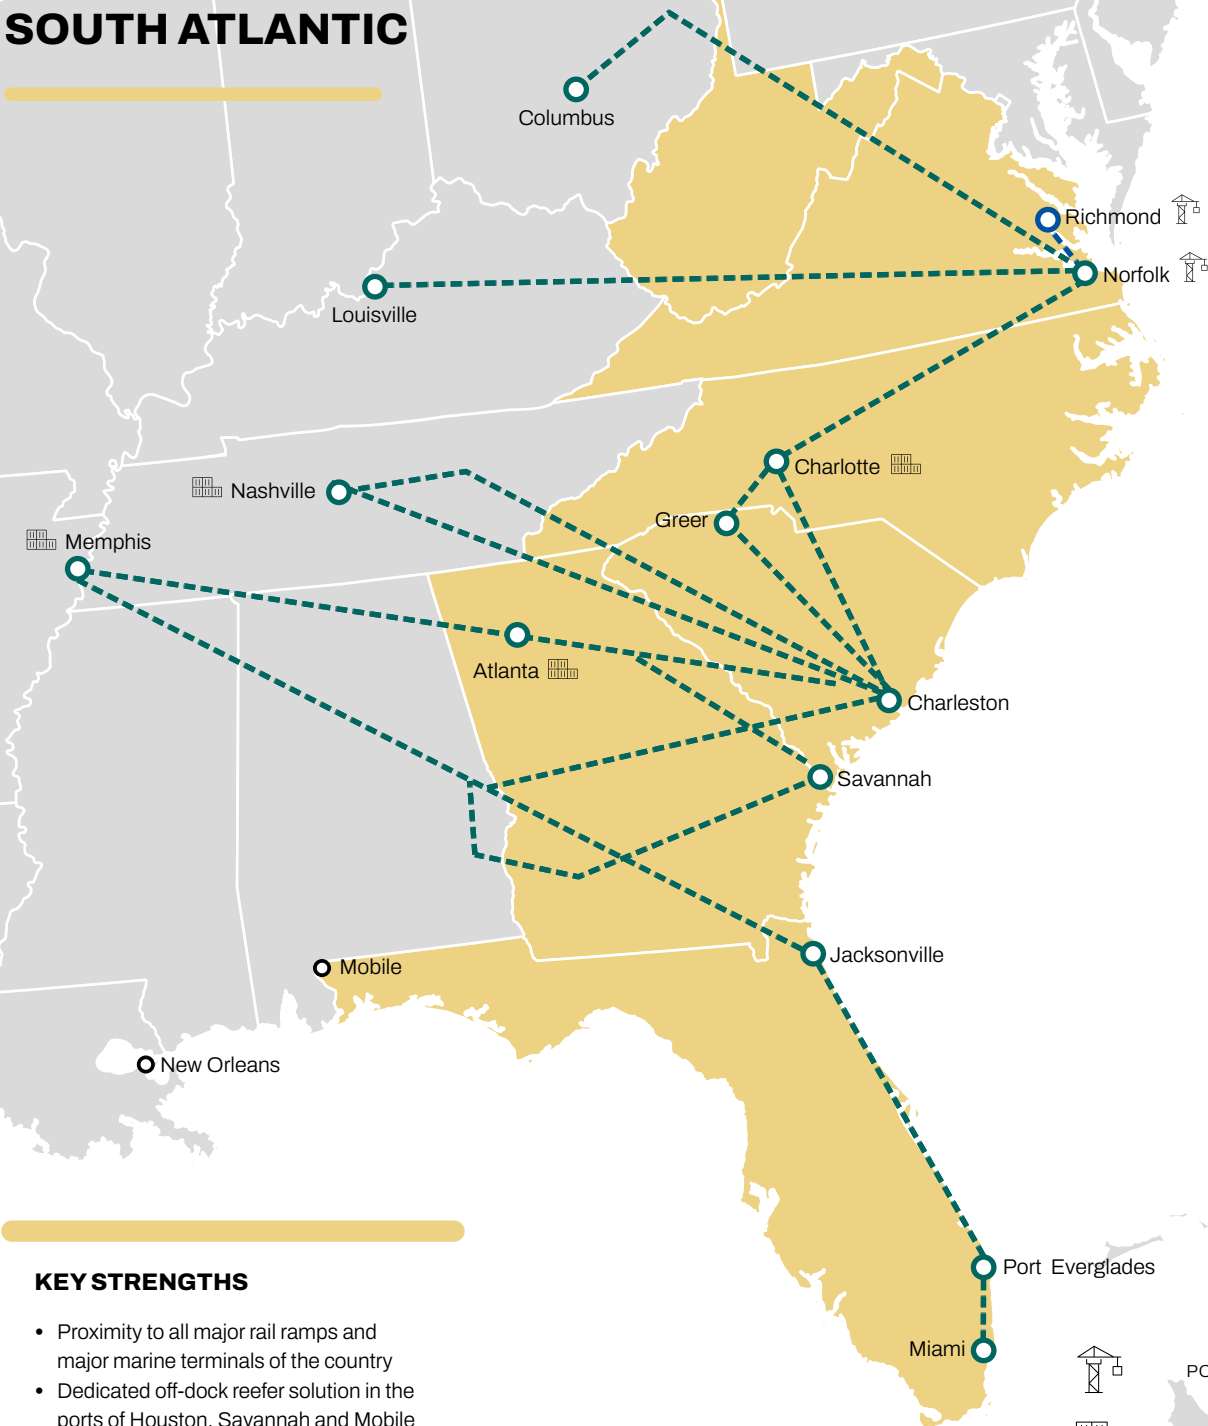

### KEY STRENGTHS

- Hazardous cargo solution for all classes allowed by DOT regulation
- Overweight cargo handling
- Tri-axes solution for heavy cargo

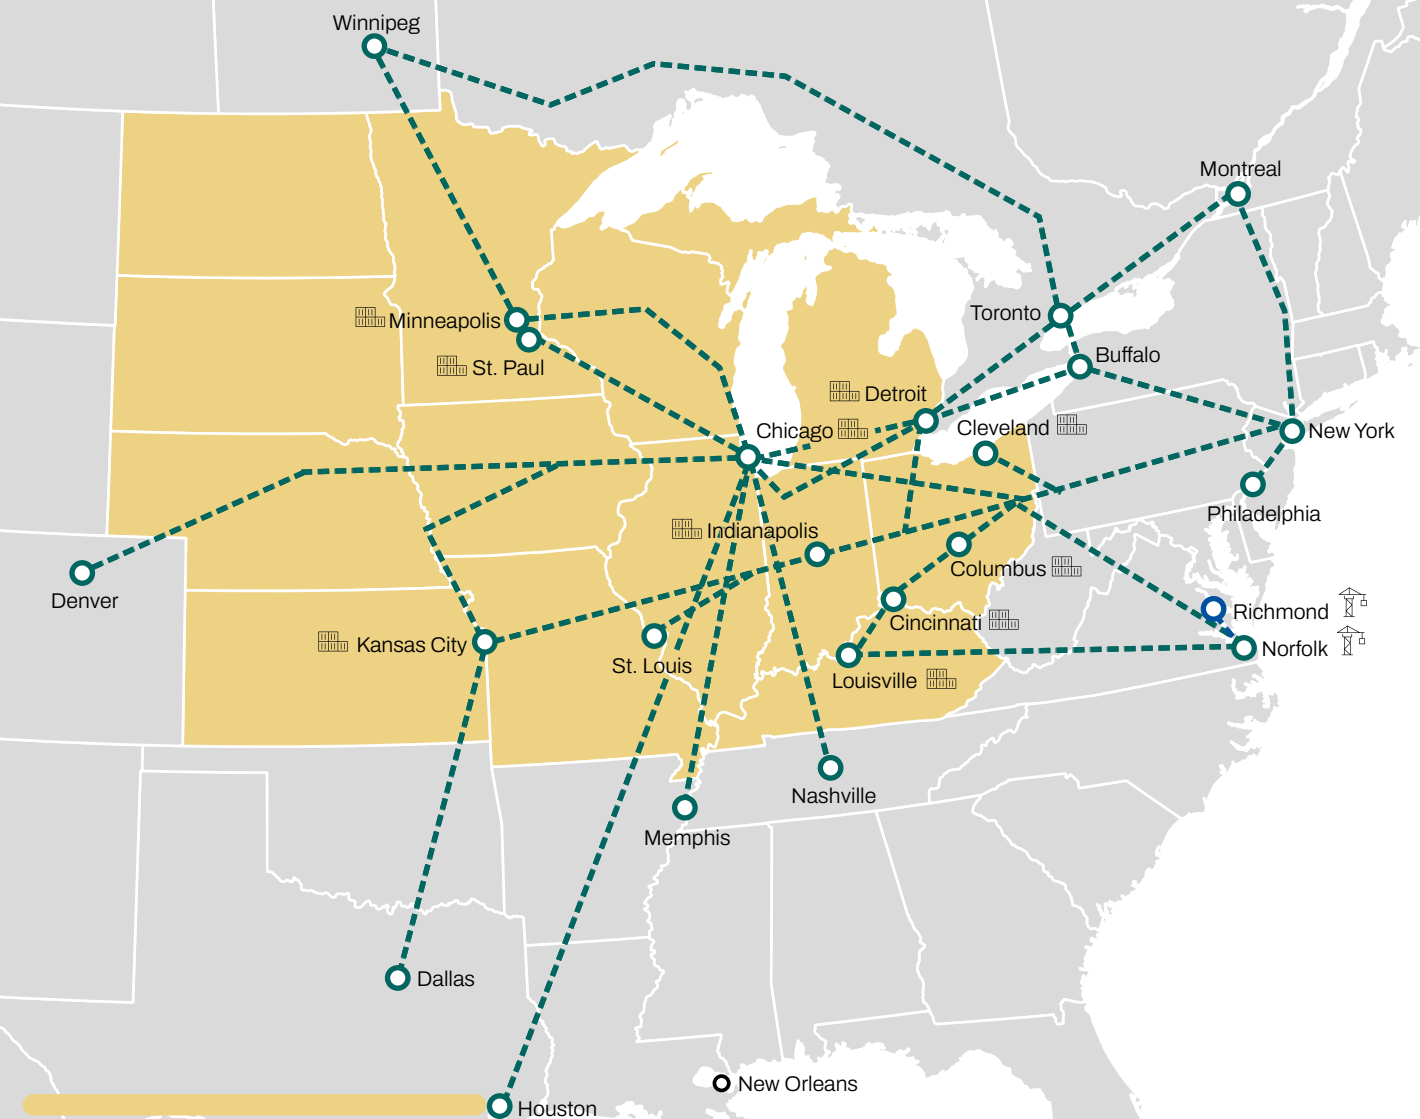

## SOUTH ATLANTIC

### KEY STRENGTHS

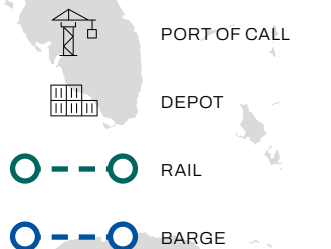

- Proximity to all major rail ramps and major marine terminals of the country
- Dedicated off-dock reefer solution in the ports of Houston, Savannah and Mobile
- Easy access to MSC's equipment inventory
- Depot operated in conjunction with an MSC selected drayage company to deliver complete door-to-door solutions

## MIDWEST

### KEY STRENGTHS

- Extended hours of operations upon request
- 24/7 security facilities
- Fast gate-to-gate process
- Maintenance and repair solution offered on-site
- Storage solution offered if requested

**CANADA**

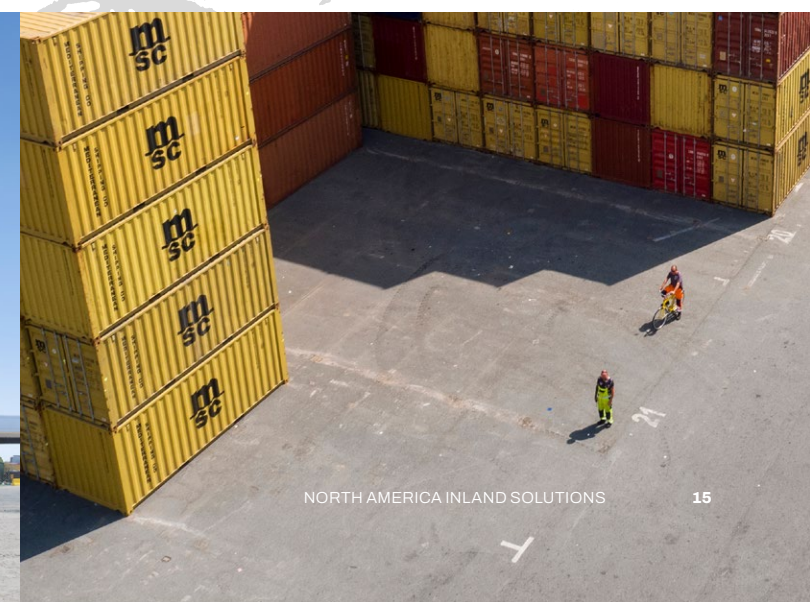

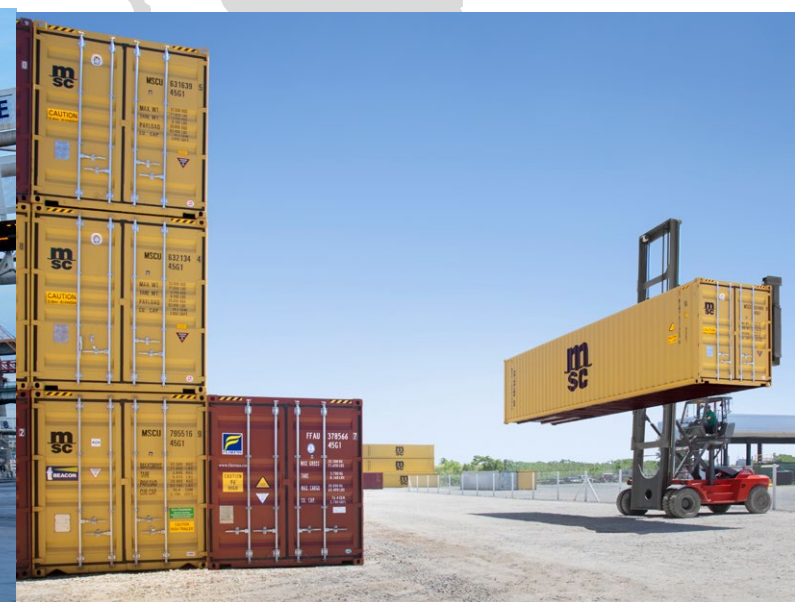

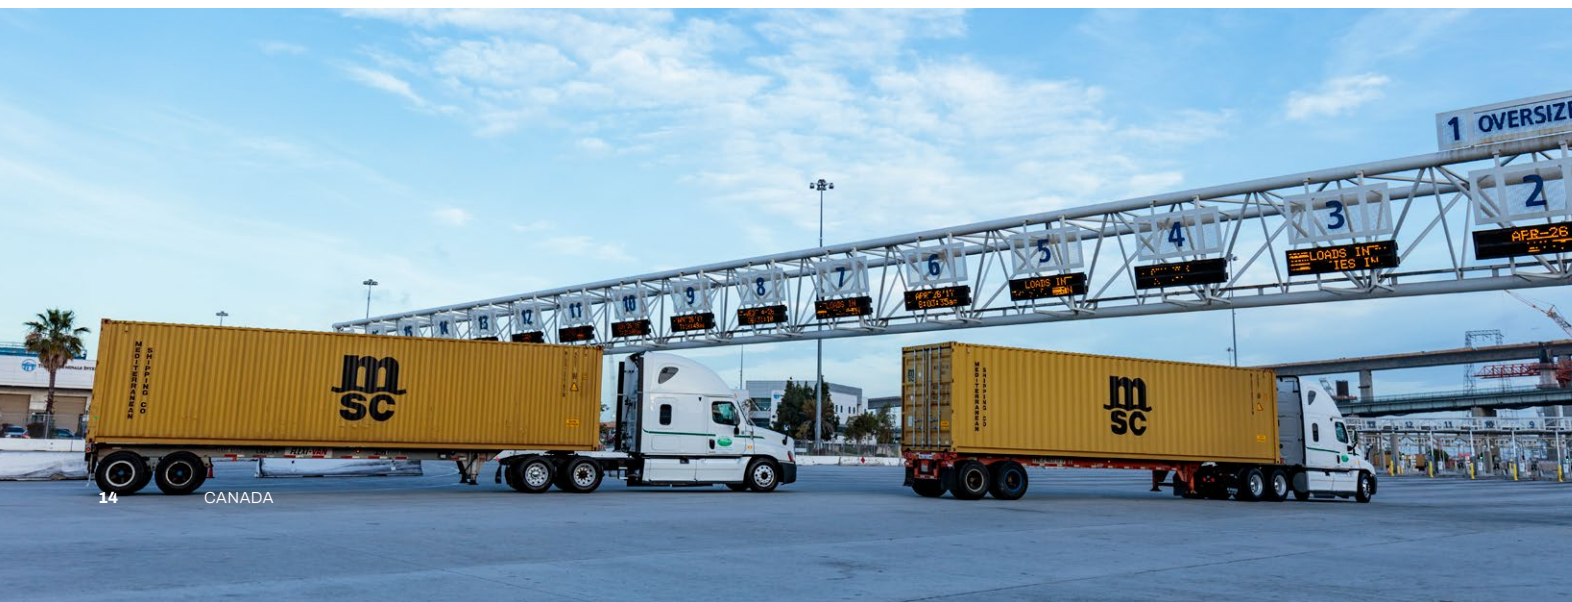

## SOLUTIONS IN CANADA

MSC has been serving the Canadian market since 1988 and has rapidly expanded its presence nationally, becoming the leading carrier calling at six major ports in Canada: Port of Montreal, Port of Corner Brook, Port of Halifax, Port of Vancouver, Port St. John and Prince Rupert.

With a stable inland network that connects to road and rail infrastructure across Canada, as well as into the United States, we offer a comprehensive door-to-door solution to customers. Our unparalleled investment in Canada provides customers with access to an integrated network of road and rail solutions across all provinces, while our expanding inland infrastructure covers Canada and the USA.

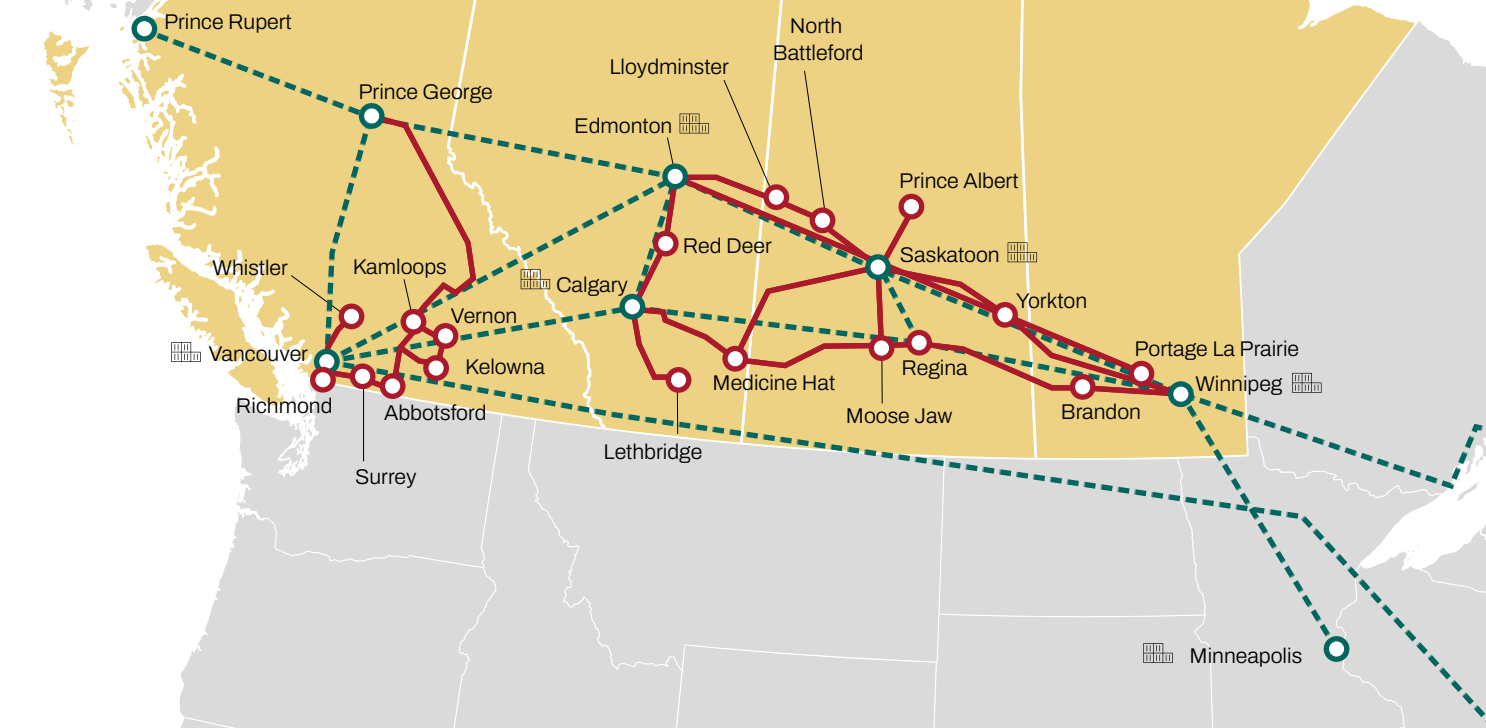

### KEY BENEFITS:

- Intermodal solution offerings to/from all Canadian international ports: Corner Brook, Halifax, Montreal, Prince Rupert, St. John and Vancouver
- Cross-border solution to the USA from all East and West Coast terminals
- Access to all six Class I railroads
- Container yard capabilities within rail ramps in all major cities
- Off dock container storage facilities in all major hubs in Canada
- Own container yard in Montreal and Toronto with depots located at all rail ramp locations across Canada
- Largest ocean carrier inland rail user (IPI) in Canada
- On-dock rail refrigerated container builds in the port of Montreal – refrigerated rail solutions at all ports
- Container door delivery from any port/rail ramp
- Storage Solutions and warehousing in all Canadian major hubs
- Long haul trucking across Canada and USA
- Cross-docking and transloading options at all ports of entry from 40' ocean containers to 53' domestic containers
- Domestic rail in 53's (intra Canada and cross-border from/to the USA)
- Domestic truck in 53' full truck loads (intra Canada and cross border from/to the USA)
- Customs clearance for import ocean containers and cross border trucking.

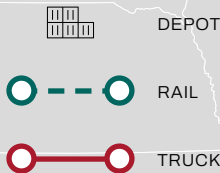

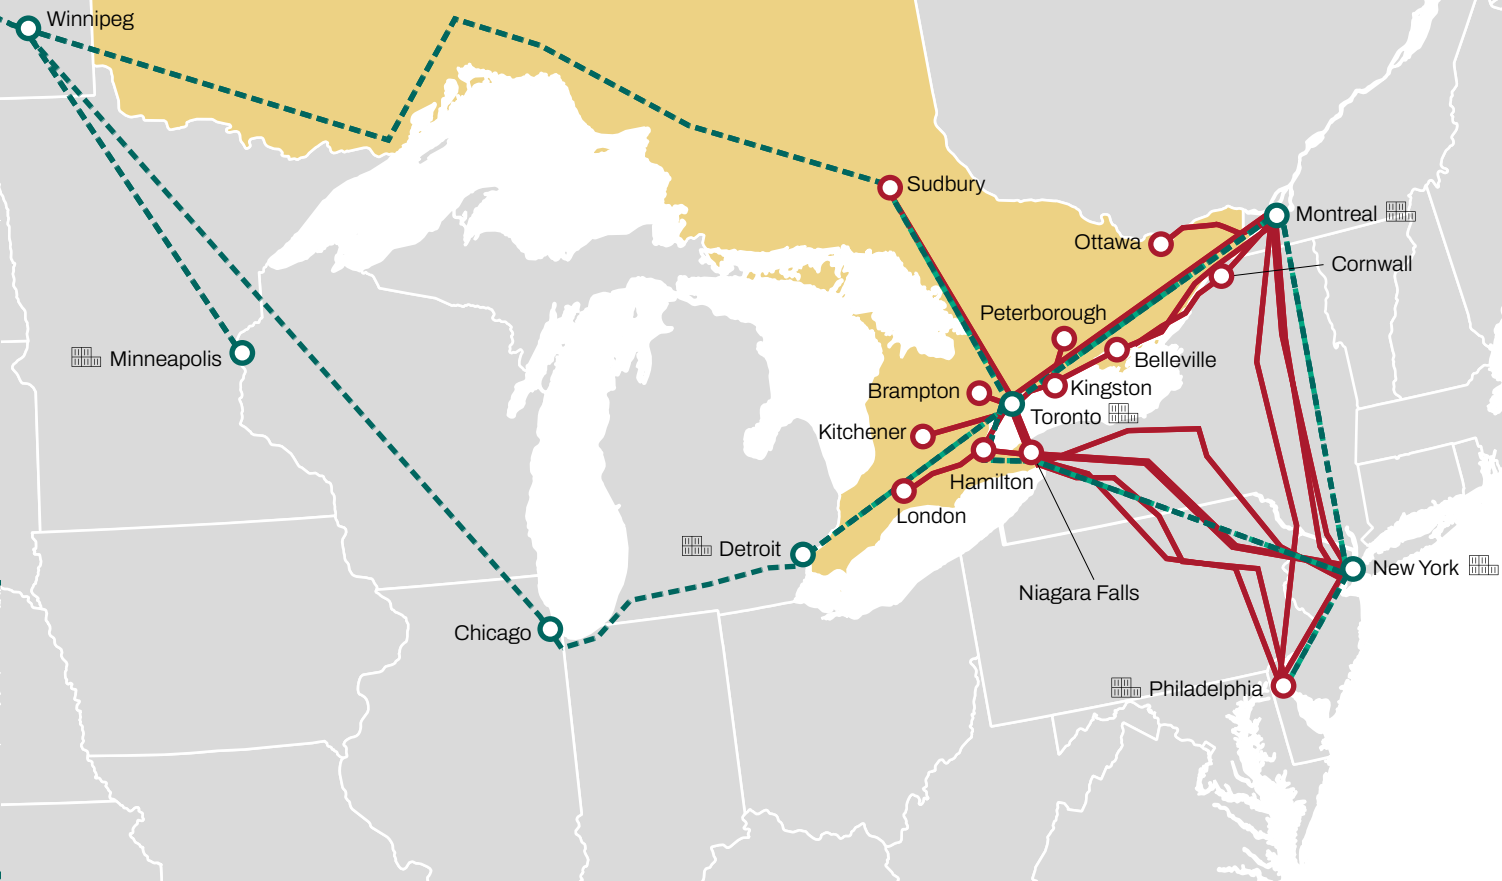

WESTERN CANADA

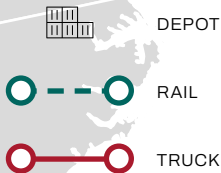

We offer extensive rail solutions to the main urban centres in Alberta and Saskatchewan to and from the ports of Vancouver, Prince Rupert, Montreal and Halifax. Truck delivery is available in Calgary, Edmonton, Vancouver, Winnipeg and Saskatoon, providing a complete door-to-door solution. The port of Prince Rupert, in particular, represents an important gateway for US cargo, offering competitive transit times to our customers. MSC's branch office in Vancouver serves the Western region.

ONTARIO

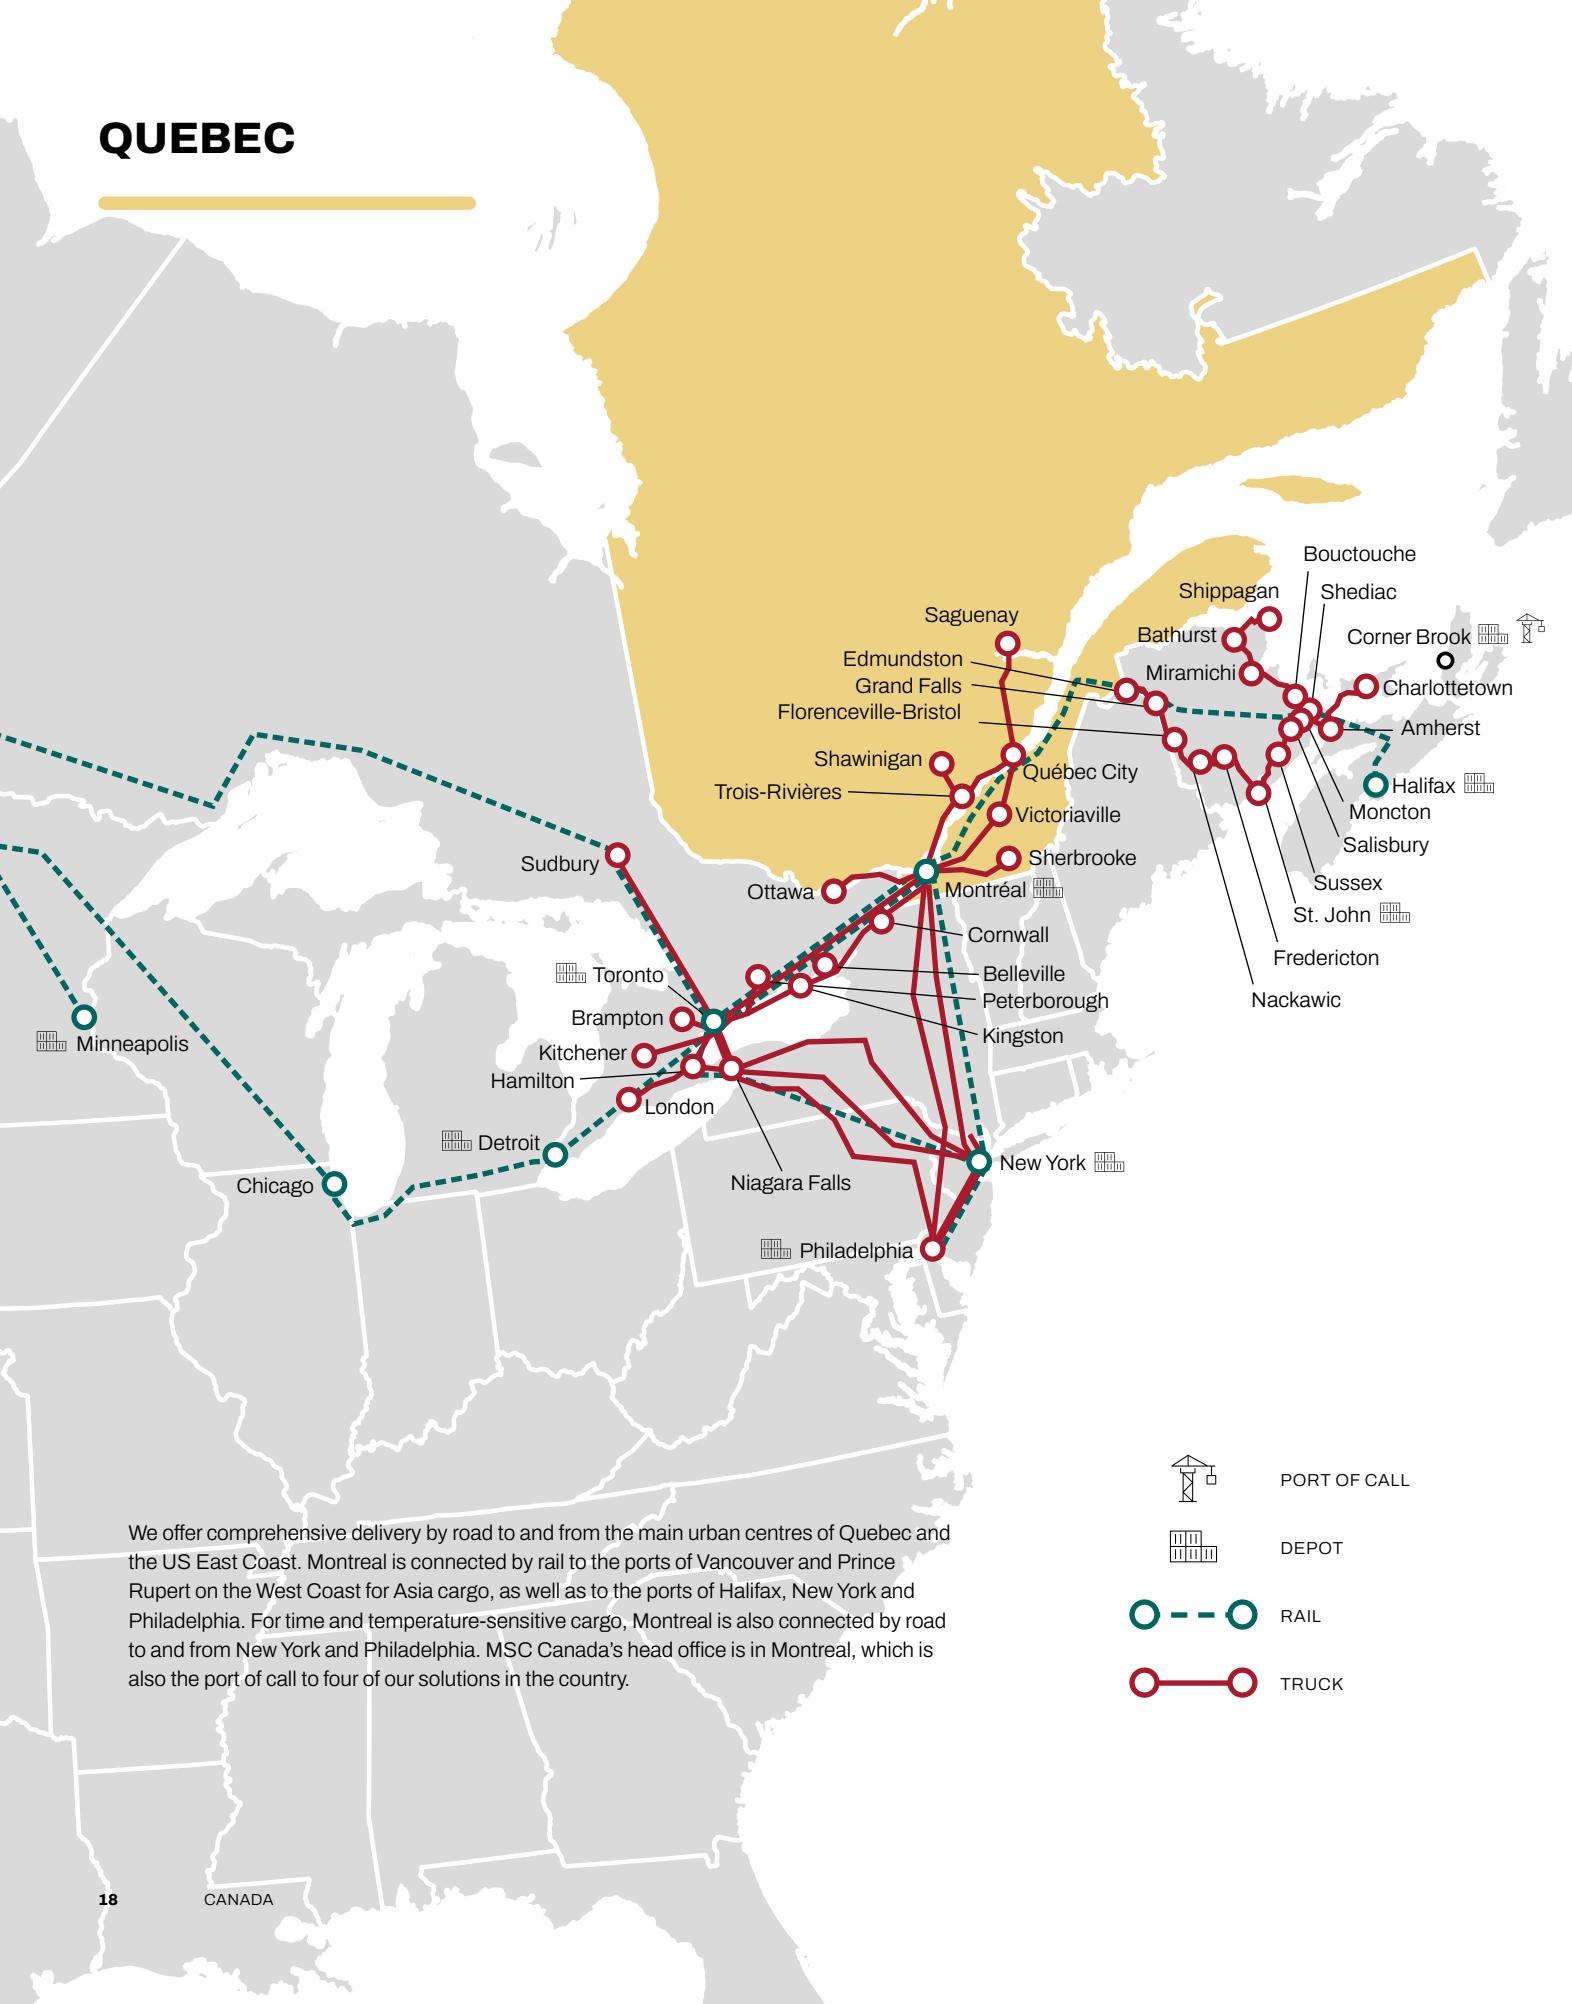

Our network connects to the main manufacturing areas and retail distribution centres surrounding Toronto. Toronto is served by rail from the ports of Prince Rupert, Vancouver, Montreal, Halifax, New York and Philadelphia, meaning we can offer multiple routings based on cargo origin/destination and time sensitivity. This allows us to bring in the largest amount of daily rail footage in the Toronto-Montreal corridor. For time and temperature-sensitive cargo, Toronto is also connected by road to New York and Philadelphia, and to Montreal.

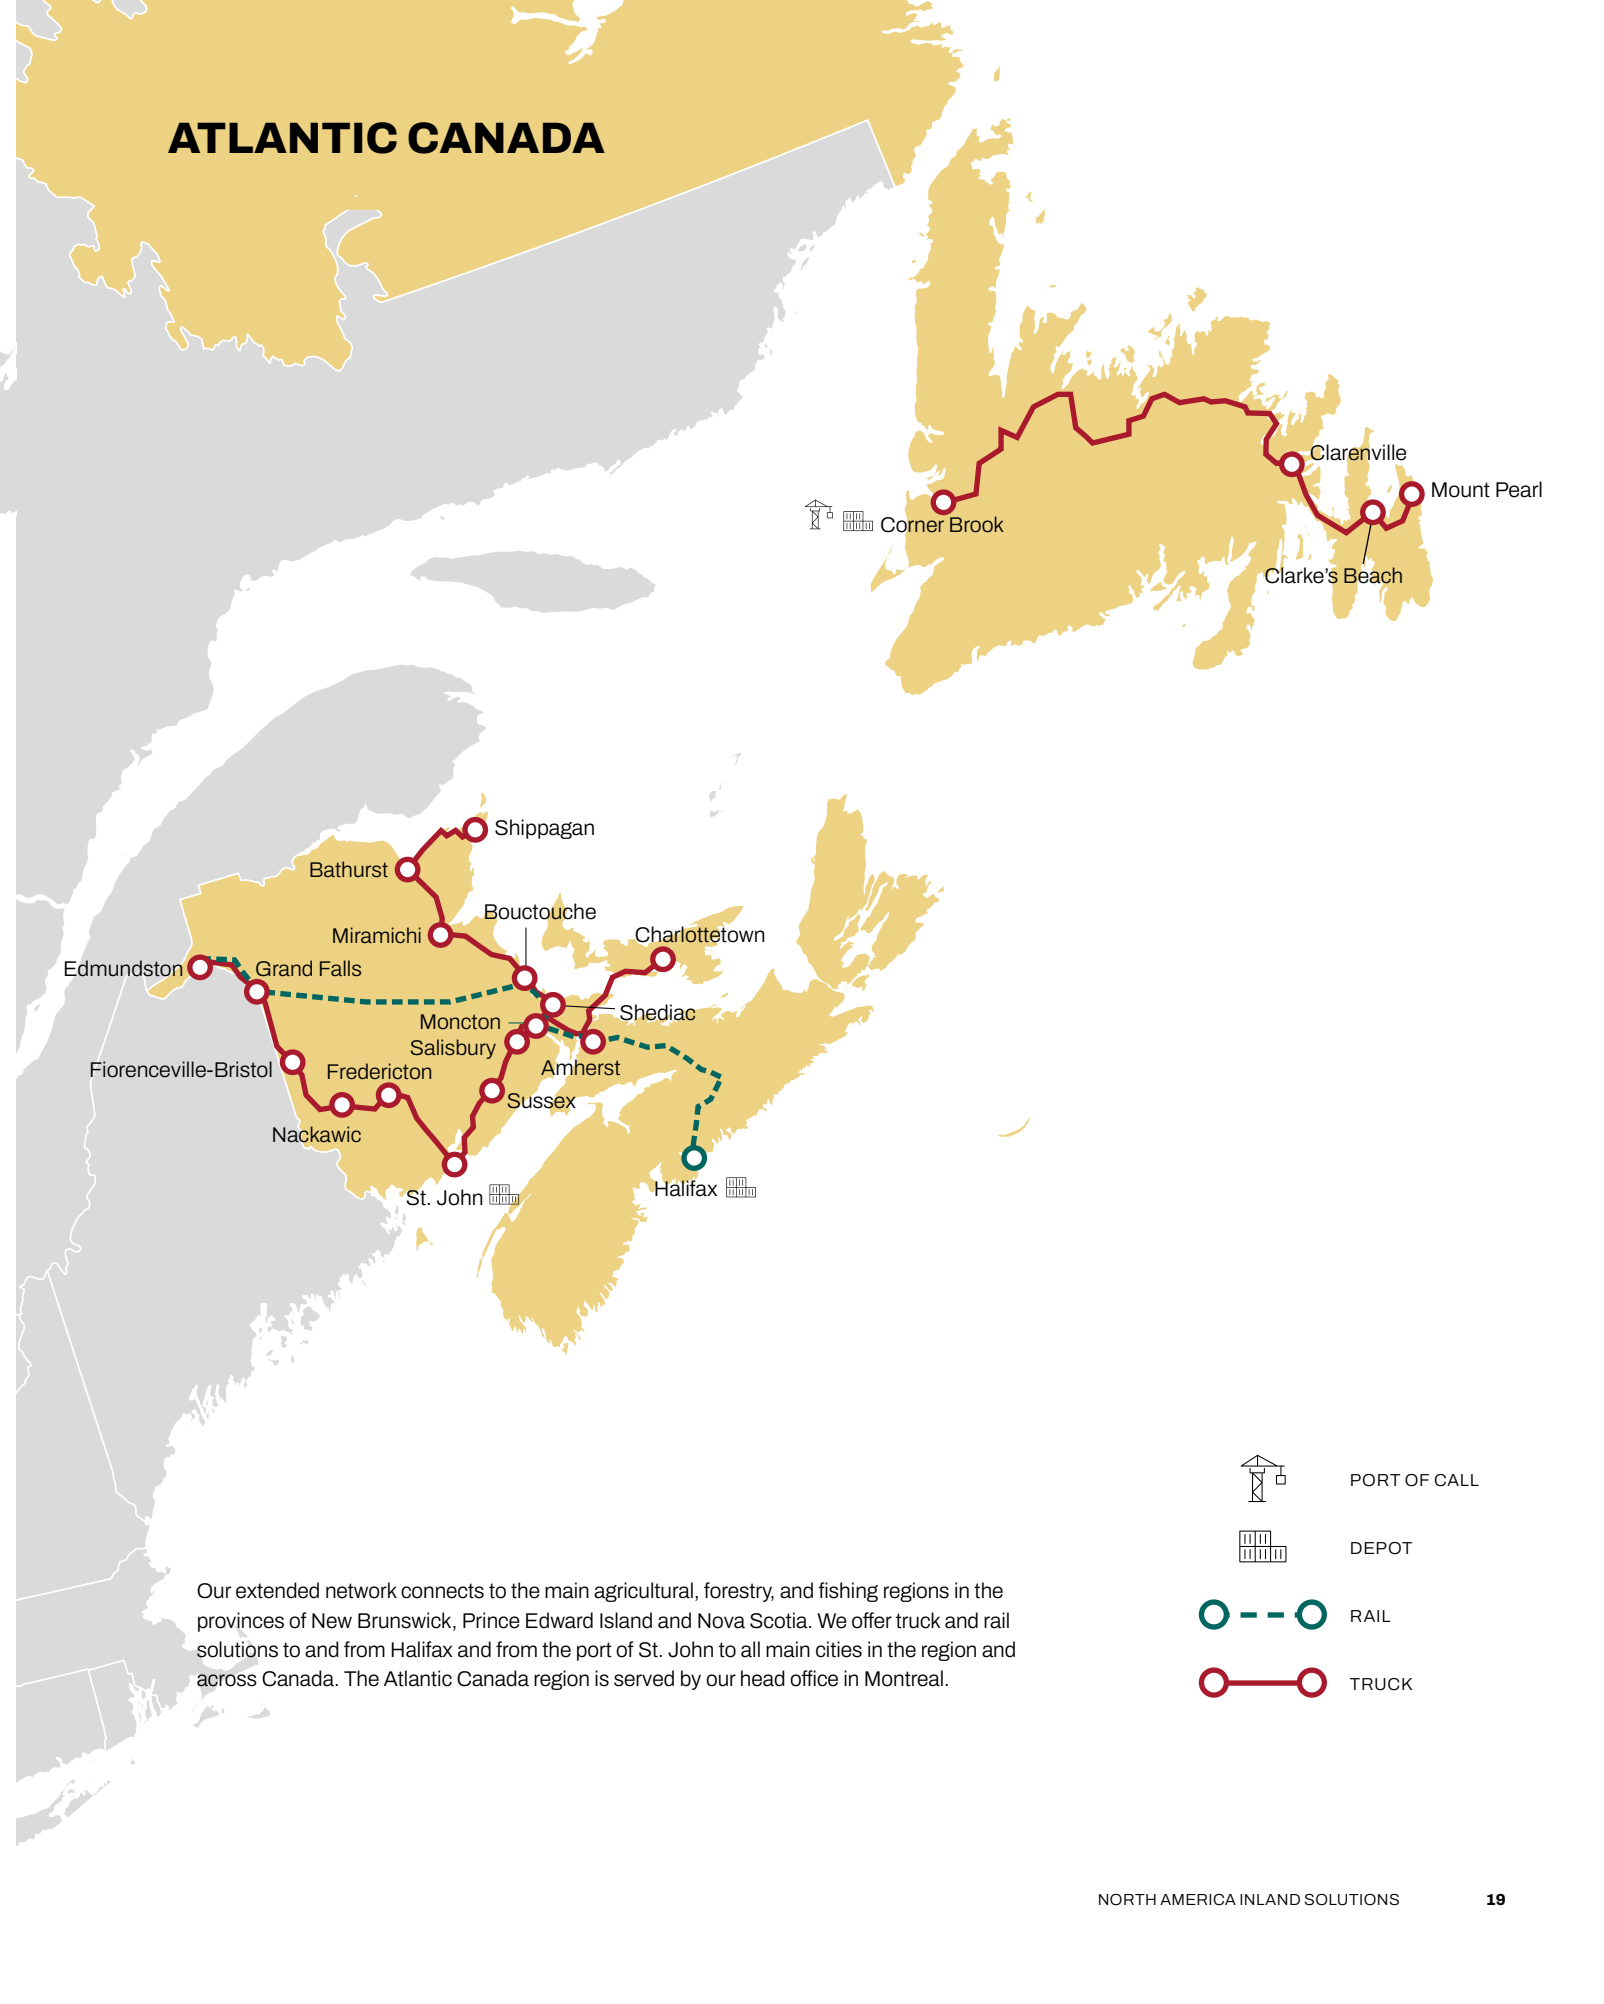

# QUEBEC

# ATLANTIC CANADA

**MEXICO**

# SOLUTIONS IN MEXICO

From our head office in the heart of Mexico City, our dedicated and highly experienced MSC operational team delivers the highest quality shipping and logistics solutions to customers.

We call at nine ports and 11 marine terminals, operate inland depots and oversee a well-established and highly efficient inland network, enabling us to customize end-to-end solutions for your supply chain.

Unique to Mexico, MSC supports single and tandem basis configurations. This enables us to move a combination of 20' and 40' containers, depending on legal weight restrictions.

**KEY BENEFITS:**

- Tailor-made solutions designed to meet your specific needs
- Expertise in high-demanding industries, such as household appliances, automotive, consumer goods and retail
- Supply chain support from our highly experienced MSC operational team, including a dedicated Inland Solutions Customer Experience desk
- Inland Solutions to and from all container ports and major cities in Mexico
- Inland Solutions ramp facilities in Mexico City, Guadalajara, Monterrey and the Bajío area
- Contracts with all rail freight companies in Mexico
- Combined rail and truck solution for the last mile
- Specialist Inland Solutions team for handling reefer cargo.
