

BREAKBULK & PROJECT CARGO

WHATEVER YOUR CARGO, WE CAN HANDLE IT FOR YOU

BROUGHT TO YOU BY MSC

Whether you're shipping yachts, oilwell equipment, machinery, cranes or any specialist cargo not suitable for shipment by container, MSC is well placed to be your single solution carrier for multi-trade project cargoes between the UK and global destinations.

When transporting oversized cargo, we utilise our modern fleet of specialist equipment which has been designed for the safe movement of large items. Pairing this with our experience, knowledge and established relationships with ports around the world means moving your complex, project cargo can be simple.
