

A SIMPLE & SECURE WAY TO ACCESS DATA & DOCUMENTS ACROSS YOUR SUPPLY CHAIN

JOIN TRADELENS TO

- ENHANCE PROCESSES & COLLABORATION
- IMPROVE END-TO-END VISIBILITY
- MINIMIZE ERRORS & REDUCE YOUR COST

- Monitor all your containers, on land or on water, access near real time data, from all your transport service providers, on one platform. Save time on consolidating reports from carrier websites, e-mails, excel sheets.
- Set up notifications, be informed about upcoming events in advance, to proactively manage supply chain disruptions, improve your operational efficiency, reduce your risk of unexpected demurrage and detention costs.
- Digitally transmit trade documents through TradeLens blockchain technology minimizing fraud and forgery. Reduce human errors and delays, free yourself from paper-based procedures.
- Invite your logistics network of partners to the platform to benefit from TradeLens ecosystem, improve your communication and cooperation.

HOW?

Call your MSC contact to learn more about TradeLens or simply visit [msc.com/tradelens](https://www.msc.com/tradelens)
We will manage your onboarding along with TradeLens.
