MSC AIR CARGO

SHIPPED SOLUTIONS

SHIPPED SPECIAL SOLUTIONS - AEROSPACE

WHEN UNIQUE CARGO DEMANDS SPECIAL SOLUTIONS.

YOUR REQUIREMENT.
OUR EXPERTISE.

Shipped Special Solutions - Aerospace is our dedicated cargo product for complex shipments such as civil aircraft engines, helicopters and aircraft components.

With customized procedures, certified ground support, and engineering-grade care, we ensure every shipment is handled with safety, precision and full compliance - from acceptance to final delivery.

Why Choose Shipped Special Solutions - Aerospace?

- Dedicated product variations for engines
- Certified GHA equipment and trained loadmasters
- Ramp supervision and full documentation
- EXW pick-up and DDX delivery available at select stations

At MSC Air Cargo, quality and our customers are at the heart of everything we do. Every Shipped Special Solutions movement is a project in itself - carefully planned, securely executed, and expertly monitored.

Delivered as Promised. Every Time. We are your trusted partner for cargo that doesn't fit the standard. With certified processes, specialized handling tools, and full route control, we ensure your valuable cargo arrives intact, on time, and ready to perform.

Precision Delivered. We are with you - every step of the way.

CIVIL AIRCRAFT ENGINES.

Your engines are mission-critical. That's why Shipped Special Solutions - Aerospace follows strict compliance and engineering-based protocols for every shipment.

WHAT WE OFFER:

- Engine acceptance with 4-angle photos
- Compliance from the start. Engine Compliance Letter verification prior to uplift
- Purpose-built transport, no co-load policy and dedicated handling zones
- Damage prevention by design. Each engine is visually inspected and photographed at each step, and our trained teams follow specific guidelines to protect the engine
- AOG uplift prioritization when marked "ENG, AOG"
