In particular, discrepancies may lead to Status Change costs as per quay / terminal tariff. MSC has launched a secure portal allowing to our customers and vendors 24/7 to access to their operational and financial information.
- Shipper has to check and ensure that the maximum payload complies with all country-specific legal regulations or requirements at origin, in the transit countries and at destination. - For security reasons all containers for all destinations must be sealed by the Shipper or his representatives with High Security Bolt Seal or equivalent directly after stuffing. For the full containers, the sealing of containers is performed by the shipper. For the empties containers at export, Terminal has the duty to verify if the empty seal is place on the container, before loading on Vessel. Unsealed and incorrectly sealed containers will be resealed upon arrival at the terminal at the Merchant's costs and responsibility and may be short-shipped. Any resulting costs are for account of the Merchant.

Any later refusal of container will cause additional costs for account of the Merchant and neither MSC nor MSC SENEGAL shall be held liable for the costs of changing/replacing a container accepted during empty positioning unless the vice affecting the container was not detectable during a summary check; in which case the costs of the container changing shall be equally shared. - Container's full redelivery to the port prior to loading is only possible by stating the provided delivery reference to the Terminal Interchange and the Merchant and/or its trucker are jointly responsible to ensure proper communication during Gate-In. For container delivery to the foreign ports, it is mandatory to state the correct vessel name.
