

**TRADELENS
CORE**

TRADELENS

GET THE DIGITAL FREIGHT-MANAGEMENT TOOLS YOU NEED TO RUN A MODERN SUPPLY CHAIN

TradeLens Core strengthens your operations with true end-to-end visibility of containerized freight and powerful trade document collaboration tools for you and your partners.

BUILD YOUR BUSINESS ON TRUE END-TO-END VISIBILITY

Move beyond disjointed status updates and poor data quality. With TradeLens Core, visibility data is rich with meaning, shared directly from the source, made available in real time, and manageable digitally.

COLLABORATE WITH YOUR PARTNERS SECURELY

Accelerate your workflows with document tools that let you work on the same page as your trade partners. Bring your supply chain ecosystem on TradeLens Core to ensure all actions can be tracked, visible and executed in an instant.

TRADELENS CORE | FEATURES

+ Transport Insight

Proactively manage your transport plan and maintain visibility with data direct from the source

+ Continuous Data Improvement

TradeLens promotes accurate, complete, consistent, and reliable data through monitoring, checks and feedback

+ Shipment Manager

Get insights related to all your shipments, regardless of transport provider, without costly EDI set-ups

+ Notifications

Get immediate notifications of carrier release, customs release, terminal release, customs holds and more

+ API Integration

Free yourself from EDI and integrate once with TradeLens, connecting your network using publicly available APIs

+ Dashboards

Leverage analytics that help you transform data into insights that improve your shipping operations

+ Document Sharing

All your supply chain partners can work from the same data and document versions with security, control and privacy

+ Partner Access

Your partners join under your subscription, dismantling silos, reducing friction and resolving blind spots

GET THE BENEFITS OF DIGITIZED TRADE TODAY

Connect your business to a growing supply chain network comprising more than half of the world's containerized freight.

Contact your MSC sales rep today to find out more.
